

ENVIRONMENTAL POLICY

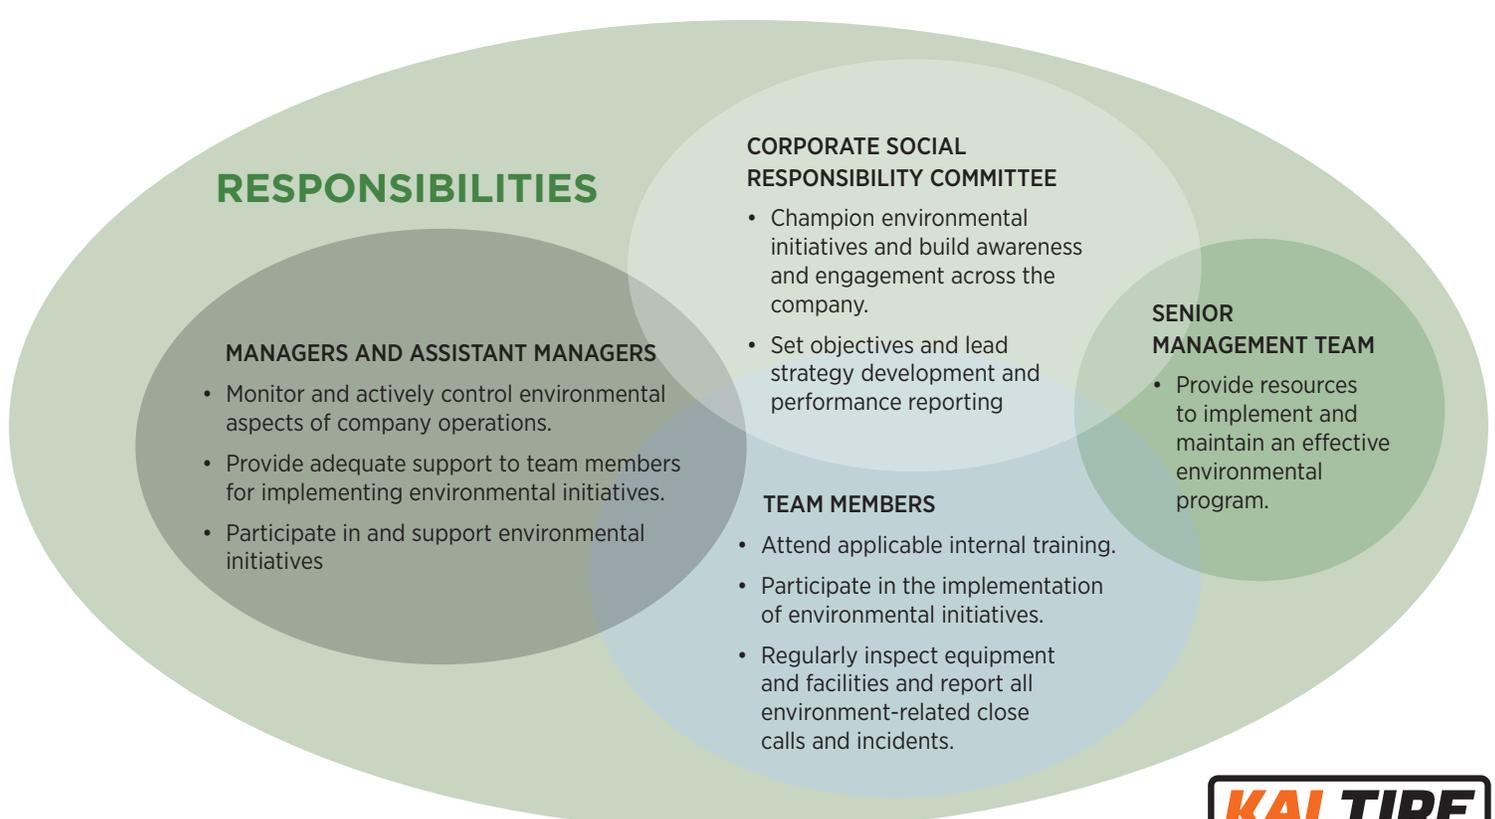

GUIDING PRINCIPLES

- Conduct our business in compliance with environmental laws and regulations and apply responsible standards where laws and regulations do not exist.
- Continuously improve our environmental management through systematic inspection, measurement, research, reporting and improvement strategies.
- Respond quickly and systematically to environmental emergencies, incidents and close calls, ensuring they are reported and remedial action is taken.
- Ensure senior management accountability for the implementation of the Environmental Policy.
- Provide adequate training and resources to enable team members to implement the Environmental Policy.
- Engage stakeholders and our customers as required in open and responsive communications regarding our Environmental Policy and its implementation.
